Dear Sir:

In supplement to the Information Disclosure Statement filed on January 8, 2003, and pursuant to the provisions of 37 C.F.R. §§ 1.97 and 1.98, Applicants respectfully request that the publications relating to the above-mentioned application listed herein and on the accompanying

PTO Form 1449 be considered by the Examiner and made of record in the U.S. Patent and Trademark Office.

The publications contained herein, listed in reverse chronological order, are identified as numbers 53 and 54, to distinguish them from the 52 publications previously disclosed in the above-identified application. These documents were cited on the International Search Report issued by the European Patent Office for International Patent Application PCT/US02/33865, which claims priority to the instant application. A copy of this search report also is enclosed.

53. United States Patent No. 6,426,062, by Chopra *et al.*, issued July 30, 2002 and entitled "Underarm Gel Products with Water Lock Component."

54. United States Patent No. 6,387,357 by Chopra *et al.*, issued May 14, 2002 and entitled "High Oil Clear Emulsion with Diene Elastomer."

The submission of this Supplemental Information Disclosure Statement does not represent that a search has been made or that no better art exists, and does not constitute an admission that any of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Applicants believe that no fee is required for this submission, because it is being mailed before receipt of a first Office Action on the merits from the Examiner. However, in the event that a fee is required, the Commissioner is hereby authorized to charge any fees or credit any overpayment to Deposit Account No. 02-4377. Two copies of this paper are enclosed.

Respectfully submitted,
